Assignment04-web

TP04-01

The image displays a web development project in VS Code, showing the implementation of a button component. The project structure includes several HTML and CSS files.

HTML Files:

- index01.html:** Contains the basic HTML structure, including a meta tag for viewport, a title "Assignment04-01", and a link to the stylesheet "style01.css".
- index02.html:** Shows the basic button structure with a class "button" and a section "one" for the primary button.
- index03.html:** Shows the basic button structure with a class "button" and a section "two" for the default button.
- index04.html:** Shows the basic button structure with a class "button" and a section "three" for the dashed button.
- index05.html:** Shows the basic button structure with a class "button" and a section "four" for the text button.

CSS Files:

- style01.css:** Defines the basic button styles, including margin, padding, border, and background color.
- style02.css:** Defines the rounded button styles, including border-radius and background color.
- style03.css:** Defines the block button styles, including display, flex-direction, and background color.
- style04.css:** Defines the block button styles, including display, flex-direction, and background color.
- style05.css:** Defines the block button styles, including display, flex-direction, and background color.

The interface shows the file explorer on the left, the main editor area in the center, and the bottom status bar. The status bar indicates the current file is "index01.html" and the active editor is "style01.css".
